Lesson 14

Salvation Lesson

When students encounter God's Word, God's Spirit works in them and opens their heart and mind to what He wants to communicate to them. That is why students may have more questions after reading God's Word for the first time. Some may even be ready to receive Christ as their Savior. Throughout the process of teaching God's Word, we are to step back and let the Holy Spirit speak and interact with the student through His Word. However, when the student asks for more, this lesson is available for you to use. The steps for teaching this lesson are very similar to the previous lessons. You will teach the new vocabulary cards first, and then have the student read the sentence cards. The sentence cards are taken from specific salvation verses in Scripture. Below, you will find the list of new vocabulary, the sentences and the verses that the sentences reflect. If you choose to teach this lesson, do so prayerfully and allow God to work.
